Food Drive - Drop Off Table - Big Thanks!

Drives this year have been a bit different. It’s been a challenge to get groceries to our community partners. The good news is that with the cooperation of local organizations, we were able to run a drive-thru drop off on Sunday, July 5.

The event was a huge success with some great community support. We were able to delivery 3800 pounds of food to our community partners.

And the Parmenter Foundation's mission is to lift families out of poverty. One way they do that is through donation of food. They have been an incredible partner to us and have purchased food for us.

Open Table is incredibly fortunate to have the unwavering support of local nonprofits. We share with you our statement on the Black Lives Matter movement.

Block Lives Matter

While our intrepid staff and volunteers continue the heavy lifting of getting food to those who need it, our board, staff and volunteers are also working to ensure that our organization is respectful of the people we serve.

Our board and staff pledge to work actively to identify all forms of bias within our programs and hiring processes, and if found, to address them through training and program modifications. Throughout our 30-year history, Open Table's mission has been to provide healthy food in a welcoming environment while respecting the needs of ALL people in need. We share with you our statement on the Black Lives Matter movement.

We welcome the opportunity to engage with our friends and neighbors in our continuing efforts to address food insecurity are just one step towards eliminating hunger and making our community and our country a more racially equitable place to live.

Open Table is a mother-daughter philanthropic organization that has been providing food and services to people experiencing food insecurity for 30 years.
